MEET OUR DOCTOR

Dr. Adauri Soprani

Dr. Adauri Soprani began his journey towards dentistry on a little farm in Brazil. His father passed away when he was 6 years old, and as the oldest of three children, he took on responsibility at an early age. The family moved to Vitoria (a city in Brazil of 300,000), the capital of the state of Espirito Santo when he was 11.

Serving Patients with Innovation__

At **Iowa Pediatric Dental Center**, we're more than just a dental practice—we're a place where children learn to love taking care of their smiles. We understand that a dental visit can be a big step for little ones, so we've designed our clinic to be as welcoming, fun, and positive as possible.

Our team of **board-certified pediatric dentists** specializes in treating children of all ages—from babies to teens, and those with special healthcare needs. We take a gentle, prevention-first approach to care, helping your child build healthy habits early and avoid major dental issues later.

We don't just treat teeth—we build trust. Every child we see becomes part of our extended dental family, and we're honored to help them grow into confident, healthy adults—one smile at a time.
